

1. Cycling Club: current President, Secretary?, Treasurer?, present 5:40
  - a. Vote: 4 to remove, 1 to stay, 2 abstained, voted for Mike not to be Cycling President. Not liking how the club is run. Not provided in by-laws for impeachment, much change by-laws in order to do so. Not able to expel from club unless there is a real good reason to do so.
    - i. Mike: Has done nothing to warrant what happened. Clark initiated impeachment. Didn't want to help with viesha mountain bike race, but Kim did. What happened to the website? It was his creation, he considers it his property, so depending on the outcome the website will be reinstated. He feels like he has to do everything himself. Has had suggested to have racers and rec riders have separate rides. (rec riders turn around at 20 mile marker).
    - ii. Kim: He has organized a lot of races. She feels that the races were fun so that turned them off to the races. Hasn't seen leadership to support fun rides, just races. She hasn't seen a roster for the club. The people who have tension, how many? 7 at the meeting last night for the vote. Bike world needed a membership list for discounts and some aren't paid members that Mike gave them.
    - iii. Treasurer: Says a lot of people in the club have problems with them. Maybe because he focuses a lot on racing. Mike started yelling at people, he threatened a club member at the meeting. As Treasurer has had problems with Mike dealing with money going through Mike. For instance when trying to get money through special allocation.
    - iv. Tim: suggest to reevaluate the situation. If they don't want to reelect Mike in the fall then that's ok. Just try to make the best of things. Suggests allowing racers to go ahead, and other riders to 'enjoy the scenery'. Are there any problems with the races in the next 3 weekends? Only that some people not wanted to travel with Mike to the races. Traveling should be ok.
    - v. Mike: President-Elect: president runs campus wide event, thinks Mike wants to be captain of the cycling team. Recommends trying to divide out tasks of the team.
    - vi. Need to talk about 'updating' the constitution.
    - vii. Are they willing to make it until fall? Treasurer doesn't have any records about money being spent...etc. Mike willing to give him the records so he can hand them over. Wishes Mike to be more open between members and exec. Treasurer basically gave up. Tim suggests ALL money goes through Treasurer. Try for Mike to be opened minded. Try to work this out in a calm way until fall and rewrite by-laws. Decisions are with the whole exec.
    - viii. Cody: new treasurer showed up at 6:05pm
    - ix. Mike Harvey: it comes down to communication.
